## IS ACCIDENTALLY SHOT WHILE HUNTING

George Wahl is Victim of His Own Gun—Was Married Here Ten Years Ago.

George Wahl, 267 S. Smith st., was killed by his own gun in a woods on the farm of his father, Philip Wahl, five and a half miles southwest of Mishawaka, Friday morning. It is thought that his death was accidental as he was in the best of spirits when he left the house and there was no note near the scene of death which would indicate suicide.

Mr. Wahl for the past few days had been complaining of the torrid heat and had mentioned that he was not feeling well. His father had invited him to his country home for a few days and he had gone there intending to stay over the week-end with his wife at the old homestead.

Friday morning his father suggested that they go hunting for fox squirrels in the woods nearby. He cleaned both guns and they then both started for the woods and on arriving there they hunted about for nearly an hour and not finding any game sat on a log to rest. Mr. Wahl then left his son and returned to the house; after waiting a good distance he turned and looked back and he says that he saw his son still sitting on the stump near the edge of the woods.

About 9 o'clock he heard two shots but did not pay any particular attention. He says that on hearing the woods at 11 o'clock he saw the body of his son on the ground and found him dead when he arrived. He then went back to the house and called two neighbors, G. P. Walker and Victor LaFrie, to assist him to remove the body. He thinks that his son had been dead at least two hours before he found him.

The one shot entered the abdomen and came out at the seventh rib. From the position of the man's body it is thought he had started to crawl to seek aid. Neighbors had heard three or four shots fired and found some empty shells in the woods which it is thought, Wahl had thrown there. The gun was a 12 gauge double barrel shotgun and both shells were found in it. The body when found was lying about five feet from the gun, but indications show that he had crawled to the gun and fired.

Coroner Swantz of South Bend viewed the remains and interviewed the parents of the dead man at the farm Friday afternoon and he says that he thinks death was accidental. He held an inquest over the body Saturday morning and announced his verdict as accidental death.

Mr. Wahl had lived in this city for a number of years and was well known. He at one time several years ago owned a coal yard on W. Fourth st. but sold out. He had been working lately as a mason. He was 42 years old and was born Jan. 12, 1871, at the old homestead southwest of the city. He was married about ten years ago in Mishawaka.

He is survived by his wife and parents, Mr. and Mrs. Philip Wahl of southwest of the city, and two brothers, Asa Wahl of South Bend and William Wahl of this city, and one sister, Mrs. Frank Warner of south of South Bend.

No funeral arrangements have yet been made but burial will probably be at Woodlawn cemetery.

## ALL BENEFITS PAID BY ASSOCIATION

Organization at Mishawaka Woolen Manufacturing Co. Has Prosperous Year.

The Mutual Relief association among the employees of the Mishawaka Woolen company has just finished another year's work. This association was organized in June, 1907, and the plan adopted was one of "Help the Other Fellow", and not one of personal gain. The entrance fees and dues were placed low enough to make it possible for all employees, if they choose to do so, to take advantage of the benefits to be gained. The association became popular at once and has gained members and financial strength, and now the treasury shows a comfortable balance.

The work is handled by ten officers and directors who are elected by the members, and one, the treasurer, who is appointed by the management of the Woolen company. This board, together with the sick visiting committee, investigate all claims for benefits.

The association has paid all just claims that have been brought before the board, and a vacation at the expense of the Relief association. The death benefits have always been promptly paid, and in several cases this prompt payment has made it possible for the body to be taken back to the "Family Lot" in the home cemetery, when this could not have been done without the immediate assistance given by the association.

The Loan department has proven a splendid branch of this work. Members of the association may take loans of small amounts to help over hard places caused by sickness or death in the family, and repay from wages each week making it easy to handle by the one who is helped. A very small rate of interest is charged, and members are not obliged to get into the clutches of the "Loan Shark" in time of need.

The good accomplished can be shown by figures as sick and accident benefits paid since organization, \$27,087 and death benefits, \$6,250.

The help given comes when most needed, and the many expressions of gratitude heard by the members is additional evidence of good done. The association meets semi-annually for the purpose of electing directors, and other business, these meetings being held in the Fire department at the factory and are on the second Tuesday in January and July, a meeting was held on Tuesday, July 5th, at 8 p. m., and a large attendance of the membership is expected.

## BATELL PARK SCENE OF SOCIALIST PICNIC

Between eight and nine hundred socialists from Mishawaka, South Bend, Elkhart and other nearby cities attended the big celebration held in Battell park yesterday.

The grand opening was commenced by Miller's band after which the Communist league club consisting of 60 voices sang the song famous from the French revolution "Marseillaise".

This was followed by the opening welcome address by J. J. Engledrum. At 2:15 various races and sports were indulged in, amongst them were the boys' 75-yard dash; 50-yard dash for girls; sack race; women's potato race; 100-yard dash; and the greased pig contest.

At 4 o'clock Mrs. Hattie Hodges gave an address on socialism which was followed by a number of pieces by the band.

Clarence Lockridge then spoke on the day and its true meaning following the speech the festivities of the day were closed by a guessing contest. The committee in charge of sports were Darwin Boyer; Dan Netto and Charles Avery.
